#### How to prepare the Sai Sanjeevini Healing Prayers remedy with this Sheet

**Step 1 :** Take a Printout/photocopy of this sheet. Keep it in a transparent plastic sleeve or laminate it for protection from moisture, dust and crumpling.

**Step 2 :** Place a glass, jug or bottle of water on the central output circle for a minute or more. The container can be of any shape or any material-glass, steel, plastic...

**Step 3 :** During this time, pray from the depths of your heart with deep gratitude to the Lord, for your physical, mental, emotional, moral and spiritual well being. The water in the glass or the jug is now charged with the healing vibrations of all the Sai Sanjeevini prayer Cards on the Combination Sheet, and with the healing vibrations of your own fervent prayers.

**Step 4 :** Take print out of the Sheets of any other Selected Sanjeevini Combinations listed in the right panel above. Repeat Steps 1, 2 and 3 and charge the same water with the healing vibrations of all Sanjeevinis on one or more of these Combination Sheets.

**This charged water is your Sai Sanjeevini healing prayers remedy to be consumed during the day.** If a glass or bottle of water is consumed fully, you can charge more water again as explained above. With God's abundant grace, Sanjeevini cards give you an **endless supply** of Sai Sanjeevini healing remedies. Sanjeevinis are prayers. Have no fear of overdosing with Sanjeevinis.

**Important Note of Caution:** Your medical Doctor is your best Guide for **diagnosis and treatment of all your health related problems.** Sai Sanjeevini healing prayers remedies should always be taken along with Allopathic, Homeopathic, Ayurvedic or any other medicine that your Doctor has prescribed. Sai Sanjeevinis are extremely subtle healing vibrations of focussed prayers which enhance the healing process from within by awakening our inherent healing power and wisdom.

**May all Beings in God's creation be always happy!**
